

Look Good Feel Better Thanks its Sponsors

May 5, 2009, Oakville – McKesson Logistics Solutions was presented their fourth appreciation award for their Gold Sponsorship to the Look Good Feel Better (LGFB) foundation at a cocktail party held in May. LGFB is Canada's only cancer charity dedicated to empowering women to manage the effects that cancer and its treatment has on their appearance, and often on their morale.

Sponsorships go towards free, two-hour hands-on workshop in which women whose appearance has been affected by cancer and cancer treatment learn how to look and feel a little more like themselves again. Canadian Cosmetic Toiletry and Fragrance Association (CCTFA) members generously donate cosmetics and personal care products for the workshop and complimentary take-home kits.

McKesson Logistics donates warehouse space to store cosmetics and personal care products that are given away in a complimentary kit to each participant. There are workshops held across Canada and McKesson Logistics also donates transportation services to deliver the complimentary kits to each workshop.
